

**East Belfast Partnership is leading a proposal to the Big Lottery to create the Connswater Community Greenway - a linear park through East Belfast, following the course of the Connswater River, connecting the open and green spaces and improving the River from the Castlereagh Hills to Belfast Lough**

The project will provide:-

- Walkways and cycle paths, leisure and recreation opportunities and facilities for community events
- Safer and connected public and open spaces
- Economic investment and improved accessibility to employment
- An improved living environment with better water and air quality and a diverse natural habitat

Success for this project - **worth £29m to East Belfast** - will be dependant on widespread community support, so we are encouraging you to come to one of our public meetings to learn about the project and have an opportunity to influence the design.

**Meetings will be held on the following dates:-**
